Barons' Day

November 28th

Barons' Day is convened here at The Caput of the Crown Baronies of Prestoungrange & of Dolphinstoun by Order of the Final Sitting of a Baronial Court in Scotland. Our Courts' Declarator required that each November 28th in perpetuity a Celebration of the finest values of feudalism should be held and that all Scottish Barons should be invited to attend. *It is for us a great honour and pleasure that fellow Barons have accepted Our Invitation today.*

The cessation of Scottish Barons' Rights to convene feudal Courts of Law and to administer feudal land tenure on behalf of Our Sovereign on the Appointed Day, November 28th 2004, was an overdue determination. However, Our Barons' Courts of Prestoungrange and of Dolphinstoun resolved to take proper note thereof and they were convened for the last time on July 24th here in The Prestoungrange Gothenburg. Punishment in the stocks was carried out on the Baronial Foreshore, and amerciamentis of 40/- Scots received from local miscreants.

Declarators were also made for the greater benefit of today's indwellers of the ancient lands as mapped in 1796 and 1812 for the Countess of Hyndford, then Baroness of Prestoungrange and of Dolphinstoun. They included the collection anew of the 1753 Impost of 2d per pint of ale brewed and sold on these lands and the making of ByrLaws for The Caput and Foreshore. Our Courts also granted their Absolute Pardon to the 81 indwellers of Prestonpans convicted of witchcraft between the 16th and 18th centuries in Courts where Barons of Prestoungrange had often presided, who were thereafter wrongly executed; which Pardon is remembered here at Our Caput in its Murals and in most particular ways each Hallowe'en.

Finally, Our Courts issued their Crown Baronial Charter to the Scottish Charity, The Barons' Courts of Prestoungrange & Dolphinstoun, to continue after November 28th 2004 all such works as shall sustain the 'dignity' of Baron preserved in law, *and* shall earn it that respect properly necessary to justify Our continued recognition in these lands. And a biennial 'evaluative and advisory' scholarship was endowed.
