ISSUE 13 APRIL 2005

## Restaurant 1908

This Fine Dining restaurant is the latest venture to come out of The Prestoungrange Gothenburg and is situated on the first floor with ease of access for all including disabled access via elevator. The cocktail bar provides ever-changing views of the Firth of Forth, Arthur's Seat and Fife whilst the cosy, candle-lit, private dining allows for unprecedented ambience and atmosphere.

*Restaurant 1908* was launched on Friday 18<sup>th</sup> February 2005 to invited guests. Our first date with our newest customers on Saturday 19<sup>th</sup> February. The launch night proved a great success with congratulations being forwarded to Head Chef Andrew Laurie and his fantastic team. The samples of the cuisine were delicious and the wine tasting and champagne went down well.

The restaurant only produces succulent dishes fashioned to delight the taste buds, using local suppliers of the finest quality of Scottish or International produce. We aim to create a magical dining experience for visitors and locals alike.

So make sure that you reserve a table at *Restaurant 1908*. Reservations are being taken now.

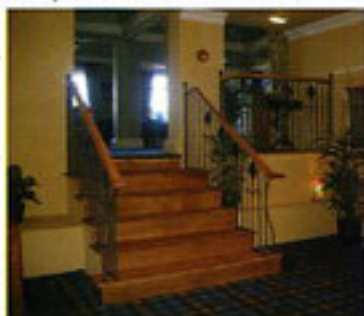

## IT'S GRAND ALL THE WAY!

What's organic wood, sculptured metalwork and beautiful glass? Can't guess? Pay a visit to the Lord Mayors Bar and our brand new grand staircase. This beautiful work of art, created by a collaboration of 3 Scotland based Artists, joins the two rooms together uniting them with a sense of flair and drama.

The Goth commissioned Neil Martin, Contemporary Handmade Furniture and Sculptured Objects; Pete Hill from P. Johnson & Company, the creative collective of artist blacksmiths at Ratho Byres Forge and Inge Panneels who set up IDAGOS designs and makes bespoke, one-off or limited editions of architectural and sculptural glass pieces

The staircase and the week long artwork exhibition was unveiled on Tuesday 8 March by actor John Murtugh from Scottish soap, River City and star of Brave Heart.

## BURRIS BURSARY

The Burriss Bursary was awarded for the first time to June Coull last year in June and it's time to once again invite applicants to apply for this bursary. The Burriss Bursary is awarded in honour of Jeannette Marguerite Burriss

The Prestoungrange Arts Festival funds this £2,000 annual bursary for the benefit of local artists. It is open to students and any non-professional artists living in Prestonpans or its vicinity.

To date June has produced over 15 works of art depicting local landmarks and houses of interest in and around Prestonpans. June has become an integral part of the Prestoungrange Art Classes and also attends Alister Fiddes Watt drawing and painting classes in Port Seton. June would like to thank Andrew, Tom and Alister as it is with these 3 special peoples' help that she has grown as a painter. June Coull's Burriss Bursary exhibition will take place at the Goth from 4 July to the 17 July during which time the next recipient of the bursary will be announced.

To apply, artists must propose a piece of work any medium, such as a painting, crafts, sculpture, music, literature or photography. The only stipulation is that it must reflect a 21<sup>st</sup> century interpretation of life in and around Prestonpans.

Applications for this year's bursary must be submitted by 18 June. Full guidelines are available from Adele on 01875 819922.
