## Experience

**The Witches Experience** - a glimpse into the life of 81 men, women and children who were accused of practising witchcraft locally. In the late 1500s and during the 1600s they were persecuted, tortured and executed. Today, granted absolute pardon by the Prestoungrange Baron's Court, we tell the story...

**The Battle of Prestonpans Experience** - On 21st September 1745, Bonnie Prince Charlie led an army of Highland Scotsmen to victory against the Hanoverian Government. Visit our battlefield mural, hear the story of Bonnie Prince Charlie and visit the battlefield & memorial cairn.

**The Industrial Heritage Experience** - Once a hive of industrial activity, Prestonpans is now celebrated for its contribution to many industries including pottery, salt panning & coal mining. Our local artists give their interpretation of the town's formative commercial past.

**The Arts & Architecture Experience** - Led by one of the local art community, visitors will be given a guided tour of the Historic 1908 Arts & Crafts Venue - The Prestoungrange Gothenburg.

**The Community Experience** - On selected dates throughout the year, join the Prestonpans community in celebration & remembrance. An insightful glimpse of a united community, working together to re-create a thriving town.
