Fowler's Ales (Prestoungrange) Limited <u>Directors' Report for the year ended 30 April 2007</u>

Principal Activities

The company saw a marginal improvement in cask sales overall in the year, which was used to consolidate our reputation as a real ale brewer of repute, as reflected in CAMRA awards and Forth Radio Awards as 2006 Pub of the Year for Edinburgh and South Scotland. The Gothenburg Porter and 80/- have established themselves as firm favourites. The Wee Heavy and lighter seasonal Summer Ale brewed at Festival time have also found unique niche markets.

In the latter part of the year and continuing into 2007/ 2008 a part time Sales Executive has been able to secure improved cask orders from clubs and pubs. But the challenge to achieve profitability is too great bearing in mind their capex commitments/volume discounts with their major brewery suppliers. Accordingly, the past 6 months have been spent exploring the opportunities afforded by bottling our ales for sale through retailers as well as into clubs and other such outlets.

Plans have been prepared for implementation during 2007/ 2008 as additional capital becomes available and they will involve taking discrete premises away from The Prestoungrange Gothenburg that can provide the necessary scale to brew 1000+ gallons per week and the technology to convey it simply to contract bottlers.

So long as we employ a distinguished full-time brewer, which we believe is absolutely essential for success in our market, profitability can only seemingly be reached if we add bottling to our already successful cask sales. We are currently of course focusing on ensuring that effective distribution is available once the capacity is in place before taking that step.
